STUDENT ID

INSTRUCTIONS — READ BEFORE YOU START

1. Answer ALL 13 questions. The paper carries 13 marks and lasts 150 minutes.
2. Write your name, class and student ID in the spaces at the top of this page before you begin.
3. Use a pen. Write your answers in the space provided under each question.
4. For multiple-choice questions, draw a circle around the letter of your chosen answer.
5. Where boxes are shown, tick every box that applies — some questions have more than one correct answer.
6. Marks for each question are shown in brackets on the right.
7. When you have finished, hand this paper to your teacher, or photograph or scan every page and upload it to Tereco before the closing time.
8. Make sure every page is included and that your writing is clear in the photograph.

SECTION A

1. Mention any one type of chicken reared in your community. [1 mark]

2. State one characteristic that is common to both mammals and birds. [1 mark]

3. Give any one reason why people keep cattle. [1 mark]

4. State one reason why pregnant women should go for antenatal care. [1 mark]

5. The diagram below is of a signpost. How is the message on the post useful to a P.7 pupil? [1 mark]

6. Why is humus a very important component of soil? [1 mark]

7. State one example of a spore bearing plant. [1 mark]

8. The diagram shows electric wires on poles. Basing on the appearance of the wires, what was the weather of the atmosphere? [1 mark]

9. Why are the wires left sagging during installation? [1 mark]

10. Write down any one component of air. [1 mark]

11a) Outline any one cause of dehydration to babies. [1 mark]

11b) What is a bug? [1 mark]

SECTION A

12. Give a reason why drinking water should be boiled. [1 mark]
